We're excited to introduce you to Georgia's WIN List, a political action committee dedicated to changing the face of power in Georgia. Since 2000, Georgia's WIN List has recruited, trained, supported, and helped elect more Democratic women to the State House and Senate than any other organization in Georgia.

We support those who serve as effective advocates for the issues most important to families and women, including the preservation of reproductive rights. A representative of Georgia's WIN List will join us to provide an overview of the organization, as well as important updates about upcoming elections.

We look forward to seeing you.
